To whom it may concern,

WITS is pleased to offer your company our recycling and reuse services. This letter is to be used instead of "Certificate of Disposal". This is in part due to the fact that none of the materials we received are disposed of or landfilled. Everything donated to WITS is 100% reused or recycled. We guarantee DOD and NIST standard data removal of all reused items so none of your data or information can be retrieved. WITS also guarantees that those items not reused into the community are de-manufactured appropriately for shredding and grinding. WITS has both a letter from MODNR and an EPA ID which verifies that we are an appropriate recycler and handle materials in an environmentally conscience manner.

WITS is also a registered business with the federal government:

**D-U-N-S Number: 14-320-6378**

**CAGE Code: 43ZN1**

EPA ID: mor000519041

WITS thanks you in advance for your donation and appropriate handling of your electronic and surplus materials by using our services. Any additional documentation or proof of our appropriate handling can be provided at your request. Please call 314-382-1650 with your request.

Sincerely,  
Angela Haas

President
